EXPERIENCE

Registered Nurse (RN)

June 2026 – July 8, 2026

Elkton Nursing & Rehabilitation

Elkton, MD

- Deliver comprehensive nursing care to residents in skilled nursing and rehabilitation settings.
- Perform comprehensive assessments and implement individualized nursing interventions.
- Administer medications, IV therapies, wound treatments, and physician-ordered treatments safely and accurately.
- Collaborate with physicians and interdisciplinary teams to optimize resident outcomes.
- Educate residents and families regarding treatment plans, medications, and discharge instructions.
- Maintain accurate documentation using PointClickCare while ensuring regulatory compliance.

LPN Unit Manager

February 2023 – June 2026

Aventura at Pembroke

West Chester, PA

- Managed daily clinical operations for a long-term care and rehabilitation unit while ensuring high-quality resident care and regulatory compliance.
- Supervised, mentored, and evaluated nursing staff to promote clinical excellence and teamwork.
- Coordinated admissions, discharges, physician communications, and interdisciplinary care planning.
- Provided wound care management for approximately one year by performing skin assessments, completing weekly wound documentation, implementing physician-ordered treatments, monitoring healing progress, and collaborating with wound care specialists.
- Oversaw infection prevention initiatives, including Enhanced Barrier Precautions (EBP), isolation protocols, and staff education.
- Conducted PointClickCare documentation audits and maintained survey readiness through accurate clinical documentation.
- Participated in Quality Assurance and Performance Improvement (QAPI) projects to improve resident outcomes.
- Assisted with incident investigations, risk management, and implementation of corrective action plans.

Licensed Practical Nurse (LPN)

February 2021 – February 2023

Aventura at Pembroke

West Chester, PA

- Provided direct nursing care to residents in long-term care and rehabilitation.
- Administered medications and treatments according to physician orders.

- Performed resident assessments and reported significant changes in condition.
- Maintained accurate PointClickCare documentation.
- Assisted with admissions, discharges, and interdisciplinary care planning.
- Collaborated with physicians, therapists, and families to support resident-centered care.
